Re: Erica Flak
Sky Haven Equestrian Centre

Erica Flak has been coaching me and my Quarter Horse in dressage fundamentals for the past 3 years with tremendous learning outcomes. I started with Erica as an experienced rider, but under Erica guidance my riding has improved immensely, my confidence has been bolstered, and my relationship with my horse has blossomed.

Erica is always positive and extremely sensitive to the needs of both the rider and the horse. She is able to identify and communicate important adjustments to riding position and aids in an effective manner that creates the desired results. Both horse and rider enjoy the work and finish lessons with a sense of accomplishment. We have achieved skills and a rider-horse relationship I never imagined possible.

My horse likes and respects Erica as much as I do, and I look forward to continuing to build our skills, our fitness, and our relationship with Erica's phenomenal support.
